## Restaurant Hästöskatan

Our goal for your visit to to give you an experience through quality, service, and consideration, whether regarding our ingredients or our staff's knowledge of food and drink. Above all, our goal is that you, our guest, are content. We always work to serve as fresh and flavorful food as we possibly can. In order to succeed at this goal we make everything from scratch, and never take shortcuts when flavor at stake. Due to having chosen this path, we might not be the fastest restaurant, and it can also happen that we sell out of some dishes.
